ATLAS DE GEOGRAFIA HUMANA (Spanish Edition) GRANDES ALMUDENA

Cuatro años le llevo a Almudena Grandes escribir su cuarta novela en la que cuatro mujeres cuentan en primera persona su propia historia en un tiempo de confusión ideológica y crisis generacional. Un tiempo que sin duda ni ellas mismas ni los lectores atrapados en las redes de la novela podrán olvidar. Por su energética plenitud por el absoluto control del lenguaje y la estructura novelesca Atlas de geografía humana supone la definitiva consagración de una escritora que un libro tras otro nunca ha dejado de sorprendernos. En el Departamento de Obras de consulta de un gran grupo editorial cuatro mujeres trabajan en la confección de un atlas de geografía en fascículos. Reunidas por azar en ese proyecto y muy distintas entre sí todas comparten sin embargo una edad decisiva en la que el peso de la memoria matiza ya la conciencia del tiempo y de la Historia. Mientras investigan buscan materiales y fijan datos Ana Rosa Marisa y Fran se encuentran en ese punto de inflexión de la vida en que no pueden aplazar más la necesidad de encararse de una vez consigo mismas despejar dudas deseos y contradicciones ya insostenibles para situarse ellas mismas en su propia geografía en su propio atlas. Así iremos descubriéndolo todo sobre cada una de ellas y sobre el mundo que las rodea que no es otro que el de toda una generación: su soledad sus inhibiciones sus sueños truncados sus decepciones pero también sus pasiones y sus amores inconfesados su dureza y su ternura sus derrotas y sus grandes conquistas. Almudena Grandes consigue aquí la difícil y delicada tarea de tramar mediante la pequeña historia de cuatro mujeres un gran fresco lleno de resonancias que configuran exactamente lo que sugiere el título: un atlas de geografía humana.
