Out of the Box: A Soul's Surprising Journey chronicles the 25-year modern-day odyssey of the soul now known in the spiritual realms as Lucerne. This saga of actively lived soul retrieval and karmic resolution begins with the author's sudden transcendent remembrance of being born into this lifetime. Through direct, ongoing, laser-like experiences, she is able to recover parts of her soul that had been "frozen in time," offering the reader a glimpse into the lessons of karma and how karmic residue comes up for redress in present time. Through intercession by her Divine Self, her tireless spirit guides, and Mother Mary, the author benefits from a broad-based spiritual curriculum that literally took her all over the world. To continue her spiritual adventure, this soul must first let go of long-held anger, and must truly forgive herself and others. At times hilarious, at times shocking, every word is true!
