The Emergence of the Social Economy in Public Policy. L'émergence de l'Économie sociale dans les politiques publiques: An International Analysis. Une ... Public Economy) (English and French Edition)

There is growing international recognition of the importance of the social economy, consisting of cooperatives, mutuals and non-profit organizations. The Social Economy provides resilience in financial crises, choice in a plural economy, greater social capital and the means for development of a more democratic and inclusive civil society. But questions remain: how best develop policies and institutions to exploit this potential? What policies have emerged? And why have they emerged in some countries and not in others? This book presents work undertaken by experts and policymakers from Europe, America and Asia under the auspices of CIRIEC's International Scientific Commission on «Social and Cooperative Economy». After a general analysis of public policies concerning the social economy, its key features, objectives and pattern of evolution, the book provides a supranational and international approach from both a European perspective (examining the policies of European bodies) and a South American perspective. This is followed by a number of national and regional analyses. The book concludes by examining the evolution, divergence and convergence of the social economy and its integration in public policy.

Face à la crise, coopératives, mutuelles et associations tentent de créer du capital social et de construire une société plus démocratique et inclusive. L'Économie sociale serait-elle enfin entrée dans l'agenda politique des gouvernements ? Une vague de nouvelles lois et projets de lois d'économie sociale semblent le confirmer. Pourquoi ces politiques ont-elles émergé dans certains pays et non d'autres ? Quelles ont été leurs portées et limites ? Chercheurs et experts d'Europe, d'Amérique et d'Asie ont travaillé sous les auspices de la Commission scientifique internationale « Économie sociale et coopérative » du CIRIEC pour dresser un premier bilan international de ces questions. Cet ouvrage propose dans un premier temps une analyse générale des politiques publiques en faveur de l'Économie sociale, à la fois dans leur construction, leurs modalités, leurs objectifs et leurs évolutions. L'analyse se place ensuite dans une double perspective européenne (par l'examen des politiques des instances européennes) et latino-américaine. Enfin, des analyses nationales et régionales visent à mettre en exergue les spécificités historiques et institutionnelles.

Public Economy) (English and French Edition) why because the wonderful cover that make you consider regarding the content will not disappoint a person. The inside or content is definitely fantastic as the outside or maybe cover. Your reading 6th sense will directly direct you to pick up this book.

Pauline Browne:

As a student exactly feel bored to help reading. If their teacher questioned them to go to the library in order to make summary for some e-book, they are complained. Just little students that has reading's soul or real their hobby. They just do what the instructor want, like asked to the library. They go to generally there but

nothing reading significantly. Any students feel that reading is not important, boring and can't see colorful pictures on there. Yeah, it is being complicated. Book is very important for you. As we know that on this era, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore this *The Emergence of the Social Economy in Public Policy. L'émergence de l'Économie sociale dans les politiques publiques: An International Analysis. Une ... Public Economy* (English and French Edition) can make you experience more interested to read.
