Catastrophic Risk: Analysis and Management Erik Banks

Catastrophic risk is one of the most significant and challenging areas of corporate risk management. Analyze this risk for your company with **Catastrophic Risk** and make sure you have sufficient resources to absorb losses and avoid financial distress.

The first comprehensive volume to address this topic from a financial perspective, this book is a guide to the worst financial risks threatening companies and industries today. Author Eric Banks begins with a consideration of 'catastrophe' and its implications, looks at the state of actuarial and financial modelling of catastrophe risks, and discusses the creation of a risk management framework that will enable the efficient and secure management of exposure. **Catastrophic Risk** is essential reading if you're a corporate treasurer, CFO, or insurance/financial risk manager responsible for corporate risk management. Order your copy today.
