From the author of **Snow Falling on Cedars** comes this bestselling novel about a dying man's final journey through a landscape that has always sustained him and provided him with hope and challenges.

When he discovers that he has terminal cancer, retired heart surgeon Ben Givens refuses to simply sit back and wait. Instead he takes his two beloved dogs and goes on a last hunt, determined to end his life on his own terms. But as the people he meets and the memories over which he lingers remind him of the mystery of life's endurance, his trek into the American West becomes much more than a final journey.
