"People are crazy and I can prove it!"

I'm a retired psychiatrist. A renowned expert in my field. You can rest assured that my twelve years of college, three years of residency, and thirty-plus years of private practice more than qualifies me to tell you one thing with the utmost certainty; people are, in a word, crazy.

That's right. In my professional opinion, formed after treating thousands of patients of all ages, sexes, races, ethnicities, and psychoses, the majority of the people running around loose in the world today are thoroughly, unequivocally, certifiably, bat shit crazy.

Including, I would wager, you.
