Do you have a 3 putting problem?

Are your struggling to break 80?

Do you feel like you spend a lot of time practicing but fail to see results and improvement?

In reality, short game is truly what sets great golfers apart from average golfers. Anyone can hit the ball 300+ yards but those who can get up and down to save par will see success more than the long bomber.

If you want to stand out from the average golfer, improve your putting from 5 feet and in. Better yet, improve your lag putting. Those with higher handicaps tend to average more 3 putts per round and who likes to 3 putt?

The 8 Strokes in 8 Weeks Putting Improvement Series will get you better at putting from all aspects like you've never imagined. The creator of this series and founder of GolfPracticeGuides.com, Nick Foy, discovered the magic of improved short game as he saw his scores go from 100+ to nearly par golf in just a few short years.

This series is comprised of challenging practice plans that are proven to improve your putting skills if you take them seriously and put in the effort necessary to get better. Simply show up to the golf course and complete the 3 practice plans in this eBook within the same week in order to build consistent improvement and muscle memory.
