An industry in turmoil. Fortunes on the line. An explosion of free content.

Everyone knows the titans of the media industry are terrified by the rise of the self-publishing hordes. What if they took their revenge by burying a deadly, ancient curse within an e-book? One that would destroy anyone who downloaded it?

In this brilliantly funny, topical, exciting and slickly gory short story, cult horror and thriller writer Stewart King offers a unique take on the dangerous underbelly of the writing business.

Dare you add it to your virtual bookshelf?

Stewart King's horror novellas have been widely praised.

"X Factor Zombie Massacre is a quick and short run through a twisted landscape of death and pop culture. Stewart King pokes some fun at the phenomena surrounding quick fame, while literally tearing it apart limb by limb. Since it is a novella, there aren't any slow scenes, so we breeze right through the story. I liked X Factor Zombie Massacre and definitely recommend it to you guys." - *Zombie Acres*.

Stewart King is a script-writer, editor, and novelist.

Endeavour Press is the UK's leading publisher of digital books.
