## **The Stone of David** Matt Doss

The descendants of Abraham, Jews, Muslims and Christians have been locked in battle for millennia, marring the earth and the face of humanity with one destructive skirmish and war after another. However, the conflicts that make the news are merely eruptions of evidence from a deeper and more sinister war that has raged uninterrupted and mostly underground since the beginning of time. Radical, super-secretive and sometimes seemingly supernatural groups of those bent on global domination have manipulated the world's population to the brink of annihilation on more than one occasion. If not for the counterbalance of an equally secretive and powerful force of peace known simply as "The 12" they may well have succeeded by now. At the heart of some of the the world's oldest secrets "The Stone of David" holds the key to a body of knowledge with the power to unravel the tidy facade of global stability and provide ultimate power to the possessor. An unusual alliance of old enemies has carved a new facet into this landscape of power struggles and forces Laura Wells, a former CIA agent and her husband Alexander, one of "The 12" out of seclusion and into full conflict with those bent on igniting the tenth Crusade and WWIII. Through new alliances, uncovered secrets between them, and the use of an array of stunning technology, Laura and Alexander take the fight to the heart of this global meltdown and to the most furiously contested patch of earth that is Jerusalem.
