ROMANCE

What would you do if you were a reporter trying to make it in the competitive world of video game journalism and you had the story of a lifetime fall in your lap, guided by two of the hottest and most important men you'd ever met?

I got to find out. And it turns out **you really can have your cake and eat it too!** I was a reporter covering video games and I was able to break the story of the next step in human evolution—telepathy. I also got to have a **threesome of a lifetime** with the two men who made the breakthrough in evolution possible through their new technology.

It was the best story I've ever written and **the best night of menage I've ever had.** I just wish I could go back and do it all again! I might be a little bit more wary of semi-existential beings recording the sex, though. The tape was hard to explain to my parents.

WARNING: This ebook contains mature themes and language. 18+ readers only!
