Today several ideas and conceptions regarding ancient traditions in the society are taken as correctly right, and therefore derivatives activities considered as granted, however their interpretation and use could be put in debate as we never were told the true and sometimes even the real history was never mentioned. The human reason and trust was betrayed by rulers with the help of religion, transforming "rationality" into blind faith into false religious statements about our social role. Several facts were adapted conveniently by historians to the politicians in powers, it was not always appropriate or obviously as more of the people thing they were. For example, the legacy of religion, Calvinism, as one of religions which tough people about predestination, and the peoples' impossibility to change their destiny, thus, such beliefs that laws of rulers were Gods will.
