The Great Ape Project: Equality Beyond Humanity

The Great Ape Project: Equality Beyond Humanity

A compelling and revolutionary work that calls for the immediate extension of our human rights to the great apes.

The Great Ape Project looks forward to a new stage in the development of the community of equals, whereby the great apes—chimpanzees, gorillas, and orangutans—will actually receive many of the same protections and rights that are already accorded to humans.

This profound collection of thirty-one essays by the world's most distinguished observers of free-living apes make up a uniquely satisfying whole, blending observation and interpretation in a highly persuasive case for a complete reassessment of the moral status of our closest kin.
