Tired of all the Fiverr books that only cater to beginners? How about the ones that promise to give you a 'Magical List' of top selling gigs, only to find a simple copy & paste job of the "Featured Gigs" on Fiverr's homepage?

Finally a book about Fiverr that doesn't spend the majority of the time either telling you how great Fiverr is or showing you how to setup a new account!

Double Your Fiverr Income is written specifically for Level 1 & 2 Sellers like you who have already figured out the basics, and would like to take their business to the next level.

This is the new 2nd edition, which has been expanded & updated for 2016. Fiverr has changed quite a bit over the last year, and I've put in a good bit of time to make sure you have the most accurate & up to date information.

Inside THIS book, you will learn the Tips, Tools, and Techniques that can take your business to the next level and **Double Your Fiverr Income**. These are the exact Tips, Tools, and Techniques that I've used to grow my Fiverr income from zero up to 4-figures monthly, AND into a business that takes less than an hour per day to manage.

This is NOT a get rich quick scheme. There is no 'Magic List of Gigs' that will generate endless sales with minimal effort.

Instead, what I'm offering you is a Blueprint that will show you how to capitalize on your existing skills & gigs, and then streamline & systematize tasks to drastically cut your workload while increasing your income.

This book is divided into sections that cover a different aspect of your business.

In the first section, we dive into the fundamental techniques of running a successful business selling on Fiverr.

Then in section 2, we'll cover the specific tools & tips you can implement in your business today and double your income in the next 30 days.

Here is just some of what's covered...

- The Pillars of 5-Star Customer Service
- 6 Keys to Effective Communication
- 6 Tactics for Increasing Sales
- My Top 9 Tools & Hacks for doing more in less time
- How To Build Skills on Fiverr
