Mina, a martial arts and yoga instructor, is a creature of habit and has no intention of changing that. Her life is built around the rules she's created to save her from falling prey to the pain that being in love can inflict. When she's pursued by Damon, a Dominant who is hell bent on proving that submission can grant the greatest power, she's forced to choose between the life she's created and the one that she wants. Damon knows who he wants but it's how to make her see that a future together could work that leaves him staggered. As they explore their new relationship, they'll have to not only trust each other, but trust that there might be something more out there for each of them.
