Was This Man a Genius?: Talks with Andy Kaufman Julie Hecht

Just as Andy Kaufman subverted traditional forms of comedy, so Julie Hecht, with her distinctive brand of wry humor, successfully subverts the traditional form of wry humor, successfully subverts the traditional form of the interview. During 1978 and 1979, Hecht negotiated and met with Kaufman, following him from an appearance at his old high school to his now-legendary Carnegie Hall performance. The author stood her ground in all kinds of ludicrous situations, waiting for the appearance of Kaufman's real self, as if that self were some kind of Godot. Her determination and writing talent enabled her to uncover the truth behind many of the stories Kaufman made up for the press, and behind his sometimes poignant artistic aspirations. This is a book of bizarre meetings and often hilarious conversations between a great comedian (who hated to be called that) and his perfect foil — a writer of short stories who found the story of Andy Kaufman's life to be stranger than fiction. It will entertain and enlighten the many fans of both the performer and the author, and through its surprising dialogue and surreal encounters it will shed light on the evolution of postmodern culture.
