Eileen's husband sold his printing business in Ireland, so his small family could go in search of a new life in America. They were the lucky ones, able to buy a private cabin on the ship.

When the ship's doctor offers to help her with a sickness, the two soon become entangled in their passion for one another.

A husband searched for his wife, only to find her half naked with the ship's doctor, and yet he is not angry. Quite the opposite. Wallace soon joins in with his wife, Eileen, and the good doctor, Aaron's, passionate game. Glad to finally be able to share his secret with his wife, that he enjoys other men in his bed.

Their desires are soon to be put on hold as illness almost takes away their child. The doctor not only saves the baby, but invites them to start their new life in the Americas, with him.
