"This building was completed in 1771 originally used as a tobacco factory. It turned into part of the University of Seville in 1950.

When it was used to produce tobacco, mostly women worked there and it inspired the famous opera, Carmen. You can see an interesting flamenco rendition of the opera, or a weird "hip-hopera" by Beyonce on Youtube.

Pretend you're a student and explore its Hogwarts like interior, with statues and open plazas inside."

This fun yet informative tour will show you Seville from an expats perspective, not a tourist's. You'll save money and won't miss a thing in your two day tour. Also included is the most important thing to know during your stay and a romantic gesture to impress your loved one!

I hope you enjoy the amazing weather in Seville, stunning architecture and the friendly, welcoming people. Any questions I would love to hear from you, my email is alycoy@gmail.com and please rate my tour if you get a chance!
