The Suicide of the Jews: A Cautionary Tale Tsvi Bisk

In this unconventional book, Tsvi Bisk asks: is the purpose of Zionism to recreate the Jewish past, or to create an alternative Jewish future that serves to redeem the past? Do the events of history determine how we must act by mindlessly following its tracks, or is their role to inspire us in how to manage the future? The Suicide of the Jews is a fable from the future; a cautionary tale about one of the noblest and bravest endeavors in human history - a story of unsurpassed idealism, heroism, invention and imagination. It is the story of a country which, in its infancy, inspired the entire world with its achievements and ability to survive in the face of overwhelming odds, but which may yet self- destruct as a result of policies that cling to the past rather than respond to the demands of the 21st century. The Suicide of the Jews is a ruthlessly logical extrapolation of current events that will please neither the left nor the right – a wake-up call to be heeded by all. Tsvi Bisk is an American Israeli futurist and social critic. He is contributing editor to The Futurist magazine with over 100 essays and articles to his credit. His previous books were Futurizing the Jews and The Optimistic Jew.
