100 Ideas that Changed Photography

Mary Warner Marien

100 Ideas that Changed Photography Mary Warner Marien

This compelling book chronicles the most influential ideas that have shaped photography from the invention of the daguerreotype in the early 19th century up to the digital revolution and beyond. Entertaining and intelligent, it provides a fascinating resource to dip into. Arranged in a broadly chronological order to show the development of photography, the ideas that comprise the book include innovative concepts, cultural and social incidents, technologies, and movements. Each idea is presented through lively text and arresting visuals, and explores when the idea first evolved and its subsequent impact on photography.
