We offer these texts bundled together at a discount for your students.

Picardi: Research Methods

Research Methods: Designing and Conducting Research with a Real-World Focus provides the tools required to conduct relevant, high-quality research in both the classroom and the field. Carrie A. Picardi and Kevin D. Masick—psychologists with expertise in both teaching research methods and applying methods to diverse field settings—offer a unique perspective by integrating current research articles with field-specific scenarios. They draw from research methodology tactics, strategy, and constraints from practitioners across the social sciences and in business. This text effectively bridges the gap between theory and practice by demonstrating how research is done within an organizational setting, and supplies students with relevant, applicable examples to learn from.

Schwartz: An EasyGuide to APA Style 2e

Master APA style and format quickly and easily! Written by experienced psychology instructors who are respected members of the APA's Teaching of Psychology division, this guide provides an easy alternative for anyone struggling with APA style. Written in a clear, conversational, and humorous style, this book presents easy-to-understand explanations of how to write research papers, cite research, and do any work requiring APA format. The authors simplify the process with easy-to-follow advice, tips, and visual representations of how to use APA style. This updated edition includes easy-to-read screen shots as well as guidance on where to find answers to commonly asked student questions.
