The Accidental Taxonomist: Second Edition

Heather Hedden

The Accidental Taxonomist: Second Edition Heather Hedden

The Accidental Taxonomist is the most comprehensive guide available to the art and science of building information taxonomies. Heather Hedden—a leading taxonomy expert and instructor—walks readers through the process, displaying her trademark ability to present highly technical information in straightforward, comprehensible English. In this fully revised second edition, Hedden provides updates on taxonomy standards, development techniques, and career opportunities for taxonomists. She presents fresh survey data and offers new and expanded coverage of such critical topics as taxonomy testing, metadata, linked data, and SharePoint. Drawing on numerous real-world examples, she explains how to create terms and relationships, select taxonomy management software, design taxonomies for human versus automated indexing, manage enterprise taxonomy projects, adapt taxonomies to various user interfaces, and more.

From reader reviews:

John McKenzie:

Now a day people who Living in the era where everything reachable by match the internet and the resources within it can be true or not involve people to be aware of each data they get. How a lot more to be smart in obtaining any information nowadays? Of course the correct answer is reading a book. Looking at a book can help folks out of this uncertainty Information specially this The Accidental Taxonomist: Second Edition book as this book offers you rich details and knowledge. Of course the data in this book hundred per-cent guarantees there is no doubt in it as you know.

Joshua Mack:

The reason why? Because this The Accidental Taxonomist: Second Edition is an unordinary book that the inside of the publication waiting for you to snap that but latter it will surprise you with the secret the item inside. Reading this book next to it was fantastic author who write the book in such awesome way makes the content interior easier to understand, entertaining way but still convey the meaning entirely. So , it is good for you because of not hesitating having this anymore or you going to regret it. This excellent book will give you a lot of gains than the other book have such as help improving your proficiency and your critical thinking way. So , still want to hold up having that book? If I were you I will go to the guide store hurriedly.

Steven Ward:

Would you one of the book lovers? If yes, do you ever feeling doubt if you are in the book store? Aim to pick one book that you never know the inside because don't evaluate book by its deal with may doesn't work is difficult job because you are frightened that the inside maybe not seeing that fantastic as in the outside seem likes. Maybe you answer is usually The Accidental Taxonomist: Second Edition why because the wonderful cover that make you consider in regards to the content will not disappoint a person. The inside or content is fantastic as the outside or cover. Your reading 6th sense will directly make suggestions to pick up this book.

Sharon Edwards:

Is it a person who having spare time then spend it whole day by simply watching television programs or just telling lies on the bed? Do you need something new? This The Accidental Taxonomist: Second Edition can be the answer, oh how comes? A fresh book you know. You are consequently out of date, spending your spare time by reading in this brand new era is common not a nerd activity. So what these publications have than the others?
