## **Modernism, Nationalism, and the Novel** Pericles Lewis

In *Modernism, Nationalism, and the Novel*, Pericles Lewis shows how political debates on national identity inspired radical experiments with narrative form among modernist writers. He suggests that far from abandoning the political concerns of nineteenth-century realism, modernists used the emphasis on individual consciousness to explore ways in which the modern nation-state shapes the psyches of its subjects. Tracing this theme through Joyce, Proust, and Conrad, among others, Lewis claims that modern novelists gave life to a whole generation of narrators who forged new social realities in their own images.
