Birds of the Western Palearctic: A Photographic Guide Hadoram Shirihai, Lars Svensson

This unique and spectacular book is the most complete and comprehensive photographic guide to the avifauna of the Western Palearctic. Written by two of the world's most respected ornithologists, this book contains the most up-to-date information available on bird identification covering all aspects of plumage, moult, ageing, sexing, voice, habitat, seasonal and altitudinal movements, distribution and behaviour. The exceptionally well informed and fully referenced text is backed up by a stunning collection of almost 3,000 photographs, illustrating all species and distinct subspecies, in flight and at rest, and in a range of plumages.

From reader reviews:

Mary McHugh:

As people who live in the particular modest era should be upgrade about what going on or details even knowledge to make these people keep up with the era that is always change and advance. Some of you maybe can update themselves by examining books. It is a good choice to suit your needs but the problems coming to anyone is you don't know which one you should start with. This Birds of the Western Palearctic: A Photographic Guide is our recommendation to cause you to keep up with the world. Why, as this book serves what you want and wish in this era.

Patricia Howard:

People live in this new time of lifestyle always make an effort to and must have the time or they will get lot of stress from both lifestyle and work. So , whenever we ask do people have spare time, we will say absolutely indeed. People is human not a robot. Then we question again, what kind of activity are you experiencing when the spare time coming to you of course your answer can unlimited right. Then do you ever try this one, reading textbooks. It can be your alternative with spending your spare time, the actual book you have read will be Birds of the Western Palearctic: A Photographic Guide.

Catherine Stoltenberg:

Are you kind of hectic person, only have 10 as well as 15 minute in your morning to upgrading your mind expertise or thinking skill actually analytical thinking? Then you are having problem with the book than can satisfy your short time to read it because all of this time you only find reserve that need more time to be go through. Birds of the Western Palearctic: A Photographic Guide can be your answer given it can be read by anyone who have those short free time problems.

Barbara Watson:

Reading a book to be new life style in this season; every people loves to study a book. When you study a book you can get a great deal of benefit. When you read guides, you can improve your knowledge, mainly because book has a lot of information in it. The information that you will get depend on what sorts of book that you have read. If you need to get information about your analysis, you can read education books, but if you want to entertain yourself read a fiction books, this kind of us novel, comics, in addition to soon. The Birds of the Western Palearctic: A Photographic Guide provide you with new experience in reading through a book.
