## **Tree of Life Coaching: Practical Secrets of the Kabbalah for Coaches and Hypnosis and NLP Practitioners** Shawn Carson

The Tree of Life is often described as the DNA of human experience and comes from the centuries-old tradition known as the Kabbalah. Because the original teachers of the Kabbalah wished to keep their mystical secrets from becoming known to non-adepts they disguised them using impenetrable language and obscure metaphors. Until now... In this ground-breaking book Shawn Carson reveals the powerful secrets of the Tree of Life in a simple to understand and life-changing way. By discovering your own Tree of Life you can gain control over your own life and experience. By understanding the Tree of Life of those around you, you can become more influential and help others make lasting, fully integrated changes in their lives. Aimed mainly at professional coaches and hypnotists, the system presented in this book allows you to use the Tree of Life to:

- Become a more powerful and congruent change-worker
- Understand your client's true problem instantly and more deeply than ever before
- Develop a plan for working with your client that takes into account their entire experience from the physical world through to the divine (in whatever way your client understands it)

Tree of Life coaching can be combined with your current coaching methods, or used as a system of coaching in its own right. You will be able to use it to install change in your client in one session, or to develop a multisession approach, tailored to that specific client, that will lead to total transformation.
