A Red Sun Also Rises Mark Hodder

An original psychological adventure from the the author of the Philip K. Dick award-winning Burton & Swinburne series.

A tale of Good and Evil, where neither is what it seems!

Aiden Fleischer, a bookish priest, finds himself transported to an alien world. With him is Miss Clarissa Stark, a crippled hunchback of exceptional ability, wronged by an aristocrat and cast out from society.

On the planet Ptallaya, under two bright yellow suns, they encounter the Yatsill, a race of enthusiastic mimics who shape their society after impressions picked up from Clarissa's mind. Creating a faux London, the alien creatures enroll Clarissa in their Council of Magicians and Aiden in the City Guard. But why does the peaceful city require guards? After a day that, in earthly terms, has lasted for months, the answer comes, for on this planet without night, a red sun also rises, and brings with it a destructive evil.

The Blood Gods! Hideous creatures, they cause Aiden to confront his own internal darkness while trying to protect his friend and his new home.

With a sharp eye for period detail and a rich imagination, Mark Hodder establishes a weirdly twisted version of Victorian London on a convincingly realized alien world, and employs them to tackle a profound psychological and moral question. This book breaks new ground by combining the "Sword & Planet" genre with Victorian steampunk while adding an edgy psychological twist.
