The business of love... well via the internet it is no less a sticky business with all the pitfalls and traps awaiting the naïve and unwary! Tom looks at those exotic Russian and Ukrainian sites in particular, overloaded with charming and beautiful women... some even say the most beautiful on the planet! What is the force behind this multi-million dollar industry that started out as seedy advertisements in the rear columns of weekend newspapers? Is there still a seedy side? Why do so many men pin their hopes and dreams to finding their perfect soul mate on electronic wizardry? It is the same old saga of the aging man prepared to fork out dollars for a whirlwind romance only to eventually create a black hole in his bank account? Or are there indeed fairytale endings with the formation of lasting, happy and permanent relationships? This is a research into this very question with some unexpected conclusions! Both humorous and sad but a true perceptive analysis of the business of love.
