What's a Mexican? They are everywhere, you can't miss them when you know what they look like. I don't mean the indigenous population of the country of Mexico. No, these are different creatures entirely who have taken over the world, but you didn't realise it. The fact that they look a bit like the top of a sombrero is entirely coincidental with the idea that people from Mexico wear that type of hat a lot. Entirely. Coincidental. This book will provide you with some ideas for drawing your own Mexicans, or you can colour them in, or add your own descriptions to the ones that are shown, or leave the book on the bus – it's entirely up to you.
