Developing the Horizons of the Mind: Relational and Contextual Reasoning and the Resolution of Cognitive Conflict K. Helmut Reich

This book is about Relational and Contextual Reasoning (RCR), a new theory of the human mind that addresses key areas of human conflict, such as the ideological conflict between nations, in close relationships and between science and religion. K. Helmut Reich provides a clear and accessible introduction to the RCR way of thinking that encourages an inclusive rather than oppositional approach to conflict and problem-solving.
