Salt Glazing

Phil Rogers

Salt Glazing Phil Rogers

Salt glazing, with its distinctive "orange peel" surface, has long attracted both ceramicists and collectors. In his new book, well-known potter Phil Rogers looks at all the aspects of this very special glazing technique.

Salt Glazing covers the history of salt glazing and the technical considerations—particularly kilns—that set this form of glazing apart from all other studio ceramics. Rogers also showcases the work of such leading salt glaze artists as Byron Temple, Jeff Oestrich, and Hans and Birgette Borjenson. Beautifully illustrated, *Salt Glazing* is a must for students, professional potters, and collectors of studio ceramics who enjoy the wonderful surface textures this popular medium makes possible.

From reader reviews:

Antonio Haynie:

What do you think of book? It is just for students since they are still students or the idea for all people in the world, the particular best subject for that? Only you can be answered for that question above. Every person has different personality and hobby for each and every other. Don't to be forced someone or something that they don't want do that. You must know how great along with important the book Salt Glazing. All type of book would you see on many sources. You can look for the internet resources or other social media.

Tammy Robinson:

Here thing why that Salt Glazing are different and reputable to be yours. First of all studying a book is good but it really depends in the content of computer which is the content is as delicious as food or not. Salt Glazing giving you information deeper and in different ways, you can find any book out there but there is no publication that similar with Salt Glazing. It gives you thrill reading journey, its open up your current eyes about the thing this happened in the world which is possibly can be happened around you. You can actually bring everywhere like in recreation area, café, or even in your way home by train. If you are having difficulties in bringing the printed book maybe the form of Salt Glazing in e-book can be your choice.

Elizabeth Johannes:

Reading can called brain hangout, why? Because when you are reading a book specifically book entitled Salt Glazing your head will drift away trough every dimension, wandering in each and every aspect that maybe mysterious for but surely can become your mind friends. Imaging just about every word written in a e-book then become one contact form conclusion and explanation that will maybe you never get previous to. The Salt Glazing giving you an additional experience more than blown away your mind but also giving you useful data for your better life in this particular era. So now let us present to you the relaxing pattern is your body and mind will probably be pleased when you are finished reading it, like winning a sport. Do you want to try this extraordinary shelling out spare time activity?

Gail Delamora:

Do you like reading a reserve? Confuse to looking for your selected book? Or your book ended up being rare? Why so many problem for the book? But just about any people feel that they enjoy regarding reading. Some people likes reading through, not only science book but also novel and Salt Glazing or maybe others sources were given information for you. After you know how the good a book, you feel need to read more and more. Science guide was created for teacher or students especially. Those publications are helping them to include their knowledge. In some other case, beside science publication, any other book likes Salt Glazing to make your spare time far more colorful. Many types of book like this.
