The Alpha's Missing Baby: A Paranormal Pregnancy Romance (Shifting Desires Book 4) Lucy Savage

No one in Cassie's life would describe her as impulsive, until now.

After finding herself pregnant by a man she barely knows, Cassie vows to be the best mother possible. Damien, the man who provoked her to throw caution to the wind, is long gone. She has no way to contact him or track him down. She doubts he would even want to know that he has fathered a son. Obviously he'd gotten the one and only thing he wanted from her already. Why else did he leave the next morning without saying goodbye?

When Damien comes crashing back into her life, he turns her world upside down. Cassie was dead wrong when she assumed he wouldn't want the responsibility of a child. In fact, he is angry that she never told him.

When an old enemy arrives in town, can Damien protect his new family and win back Cassie's trust? How will she react when she learns his biggest secret of all, that he is a wolf shifter and so is their son?

This standalone story includes a happily ever after and no cliffhanger.
