Every religion claims divine authorship for its "holy book." But when one asks whether the claims to divine authorship are supported by history, archeology and sound scholarship, the answer is usually a resounding "no!" But is this the case with the Bible? Is the Bible simply another book mixing history and historical fiction? Is the Bible mythology or Divine revelation? This small booklet brings together the facts of history, archeology, cosmology and logic with sound biblical scholarship to answer these important questions about the Bible. You owe it to yourself to find the answers to these and other questions about the Bible because the truth of God's message will change your life and your destiny. So I invite you to examine the evidence for yourself and settle the matter in your own mind. You can know the truth and the truth will set you free. - Michael G. Windheuser Ph.d.
