Night Shade (Dreamweaver) (Volume 1) Helen Harper

"I have special coping mechanisms for the times I need to open the front door. They're even often successful..." Zoe Lydon knows there's often nothing logical or rational about fear. It doesn't change the fact that she's too terrified to step outside her own house, however. What Zoe doesn't realise is that she's also a dreamweaver - able to access other people's subconscious minds. When she finds herself in the Dreamlands and up against its sinister Mayor, she'll need to use all of her wits - and overcome all of her fears - if she's ever going to come out alive. This is a new contemporary fantasy series by the author of Bloodfire.
