No one wants to talk about what happened with Treasure Island.

What's that? You want to know? Not sure if I heard that correctly. You actually want to know what happened there? Hah, that's a good one. You're quite the jokester... Wait, you're being serious, aren't you? You seriously want to know what happened over there?

Heh, well you've got guts kid. At least, you have for the moment. I can't guarantee how much longer you'll keep those guts, but you'll have them for now. At least, long enough for you to hear the story. Afterwards, you'll probably puke up said guts or you might lose them to something... much worse.

Seven Nights at Treasure Island follows the events surrounding the attraction abandoned by Disney, and an island haunted by something beyond human. Letters, phone calls and recordings slowly piece the story together in a terrifying fashion, but brace yourself. You might not be able to handle the truth...
