## **The Land of Nod** Mark Clements

Standing at the crossroads of middle age, knee-deep in divorce and decline, Jeff Dittimore finds himself looking back in time.

Back past opportunities squandered and dreams unfulfilled; back to the days when he and his buddies lived with one foot in this world and the other in a world of pure imagination—the Land of Nod. A dangerous place, an exciting place...their place.

Not that he would want to go back to those times, of course. Memory is untrustworthy. Childhood has teeth. And the Land of Nod was never real, anyway.

Was it?

First ebook edition of a 1995 hardcover original.

“...provides a chilling glimpse of what it might be like if a 12-year-old ran the universe.” - Michael Berry, The San Diego Union-Tribune
