Ned Henry is badly in need of a rest. He's been shuttling between the 21st century and the 1940's searching for a Victorian atrocity called the bishop's bird stump. It's part of a project to restore the famed Coventry Cathedral, destroyed by the Nazi air raid over a hundred years earlier. But then Verity Kindle , a fellow time traveler , inadvertently brings back something from the past. Now Ned must jump back to the Victorian era to help Verity put things right- not only to save the project but prevent altering history itself.
